We understand that quality dental care can put a strain on a family budget, so we created and designed our Smile Club especially for patients who do not have dental insurance. Our objective is to help make beautiful, healthy smiles affordable for all of our patients.

How are we different?

We recognize that each patient has unique dental needs and desires. It is part of our culture to take the time to get to know each guest so that together we can develop a customized plan that meets individual health and lifestyle goals. With patients ranging in age from 2 to 90+, our team has the expertise, compassion and resources to provide a lifetime of quality dental care.

Whether you are receiving a preventive service, treatment or a cosmetic procedure, we focus on making your dental visit as comfortable and relaxing as possible. Our amenities include:

- Snacks, coffee, tea and other beverages – even juice boxes for our younger patients
- Warm facial towels
- Heated neck pillows
- Wax hand treatments
- Individual headsets for music – listen to ours or bring along your own favorite selections
- Cinema glasses – watch your shows or movies from Netflix while you have your dental treatment done. If you like to listen to music during treatment, use our iPod to select your favorite tunes from Pandora.
- A collection of books and toys to engage our younger patients and help them feel more comfortable – completed with a trip to the “treasure chest” at the end of their visit
- Nitrous Oxide to enhance our efforts to provide pain-free dentistry
